THE SOUL HUNTER

## N E X T   A L B U M • THE FINAL BATTLE •

Finding the way to enter the hermetically armoured base, Bastian would change it into a grave for all team members, trying to find the code for launching the nuclear USA missiles towards Russia, wanting to start the apocalypse. Lance Parker and his former wife Suzanne would succeed to get out of the base when the self-destructive system would be activated by the saboteur who would end in Bastian's claws. Succeeding to get out through a tunnel under the base, they found themselves in an underground Bastian's temple, where the final battle between him and Lance began. Still, Bastian only needed the chosen Lance Parker's soul, to become almighty. There, the biggest surprise would happen, something the demon did not hope. The soul of Lance and Suzanne's dead daughter, Megan, together with the old prophet who was a keeper of good souls, would help. Lance succeeded to kill Bastian with his holy spear. The entire mountain fell down. Rescued by the Macedonian army, Lance and Suzanne would try to be together again. But, is that the end of this story? We do not know. Their newborn, three-year old daughter, most of all plays with a little green-eyed child-named Bastian, in her kindergarten !!!
